Dr Robert DEWAR is the Head of Cyber Security at the Geneva Centre for Security Policy (GCSP). Robert holds an MA (Hons.) in Modern History from the University of St Andrews, an MSc in Global Security (Politics, Information and Security) and a PhD in Politics, both from the University of Glasgow. His PhD thesis was an examination of institutional dynamics in EU cybersecurity policy-making.

At the GCSP Robert provides executive education courses on cybersecurity and defence, the European Union and international relations as well as developing innovative pedagogical approaches to the teaching of cybersecurity. He also initiates and engages in international dialogue activities on cybersecurity and defence and conducts research into cybersecurity and defence policy, security studies, active and blended learning, the European Union and historical institutionalism.

Prior to joining the GCSP Robert was a Senior Researcher in the Cyber Defence Team of the Centre for Security Studies at *Eidgenössische Technische Hochschule Zürich* (ETH Zurich). He published papers on EU cybersecurity development, cyber defence policy and strategy, cyber weapons development and the use of exercises and simulations as teaching tools in cyber defence.

Before moving to Switzerland Robert was a lecturer and tutor at the University of Glasgow and the University of Stirling. He taught courses on international relations, cybersecurity and the European Union promoting the use of active learning in the classroom.

Robert is a dual German and British citizen and speaks German and English.

Ms Nathalie VAN RAEMDONCK is an Associate Analyst at the European Union Institute for Security Studies (EUISS) primarily working on the EU Cyber Direct project supporting EU Cyber Diplomacy.

Her expertise covers Cybersecurity, information warfare and its legal dimensions. She holds a MSc in Political Science from the University of Brussels (VUB) and an LLM in international security from the Free University of Amsterdam (VU). Prior to joining the EUISS, Nathalie worked for the Centre for Cybersecurity Belgium, focusing on improving national capacity.
